

Testimonies August 2018

A woman asked for prayer for her daughter who was in the middle of domestic issues and a friend recently diagnosed with cancer. We prayed for the daughter to have wisdom in these dealings and be filled with the peace of Jesus. We declared freedom from the spirit of cancer and spoke healing into this young woman's body in the name of Jesus.

A woman asked for prayer because she could not use her right arm. Something was wrong with her right wrist area and she was in pain. I held her wrist and commanded the pain to go; for all muscles, ligaments, tendons, and nerves to be healed, and for all pain to go. When I let go of her arm, all pain was gone and she was free to use that arm. Thank you Jesus.

Man with pain in his left hip. Grew out his leg about 1.5 inches. Commanded the pain to go in the name of Jesus. Had him stand up and all pain was gone.

Prayed for a woman with pain in her right lower back. I commanded it to go and as she walked most of it left. I had her lay her own hand on it and she commanded the rest to be gone. It completely left.

Prayed for a boy with damaged fingers in his left hand. I commanded them to straighten out. For the bones to be healed. When I came back to him later he showed me that they were working better. Before if he raised his index finger up he could not move the others fingers. They were locked down. Now he could move them up. Praise God.

Man with pain in his feet and lower legs. Commanded complete healing in his body and for all pain to go. For the pain in his feet to leave. He walked a few feet and turned around giving me a thumbs up. He was pain free.

Woman with cancer in her head and a husband home sick. I commanded that spirit of cancer out of her and for complete healing of the other issues she brought to me. And for healing for her husband.

A young man with pain in his back. I commanded it to go and told him to walk. When he returned all the pain was gone.

Man came forward with a headache. After Sherri touched his head the pain was gone.

Woman with chewing/swallowing problem. We commanded whatever is causing her to not be able to swallow to leave and not return.

Man with pinched nerve in neck. I asked if I could pray for him. He said yes and explained that it was an accident that caused the problem. I placed my hands on his neck and commanded his brain stem to line up with the top of his spinal column and for all pain to leave. For the nerves to be free and healed. He checked and the pain was gone. Thank you Jesus.

Man with symptoms of sore throat, coughing up something in the morning. With permission I put my hands on his neck and commanded whatever is causing the symptoms to go. For complete restoration in Jesus name.

Woman with a headache as soon as I came in. With permission I laid my hand on the area and commanded it to go. It left. Praise God.

Woman I had prayed with earlier in the day was getting thoughts from the enemy causing her to justify her chewing/swallowing issue. We commanded those thoughts to go and explained how she can tell them to go.

A man was dealing with a spirit of anger and trying to suppress it with self control. We cast it out in the name of Jesus.

Prayed with a Woman suffering with migraines, knee pain, hip pain, arthritis, and a lump on her right breast. I held her head and commanded whatever was causing the headaches to leave. For spirit of arthritis to leave and for anything damaged to be restored. I command all pain to be gone from her knees and total healing in her body. I asked her to walk a few feet. As she did and turned her expression showed the relief she felt as she told me all pain was gone. Thank you Jesus.

The woman I had prayed with earlier for a headache needed prayer for migraines, a shrinking brain, and for a new heart and healed veins. We commanded migraines to never come back. For a new heart. And for full restoration of her veins. For complete healing of her brain. Thank you Jesus.

Young Woman partially deaf in left ear. Commanded the spirit of deafness out and restoration of her hearing in that left ear. I took my hands off her ears and commanded perfect hearing. She then covered her right ear and listened with only her left ear. She could hear much better.

Woman with tightness in the left side of her neck. Commanded the tightness to go and whatever was causing it to leave. I felt HOLY SPIRIT moving in her as He was healing her completely.

Another woman was having swelling in her hands. I commanded any arthritis out of her and for this tightness to leave and for her to be pain free. She had been dealing with headaches of some kind and as I continued to lay my hands on her she felt things leave and a peace came upon her. Thank you Jesus.

A man had pain in both legs and as Sherri laid hands on him commanding the pain to go, it totally left. Praise God.

Woman called who had received healing in the past. A friend was having bone spurs in both feet. I had the woman who called lay her hands on the friends feet. In the name of Jesus, I commanded the spurs to go and for restoration of her feet. Then I spoke to the woman who had called and reminded her that she has the same authority and power as I. That she just needed to lay hands on her friend and allow HOLY SPIRIT to flow into her friend and heal her. Praise God.

A woman we were speaking with told us of pain she was having. The doctors said she had sack full of gallstones. We laid hands on her and commanded those stones to dissolve and for all pain to leave. Thank you Jesus. The pain left and was still gone the next day.

Got to pray with a woman with a black toe. Doctors said it was dry gangrene, but that her toe would get better after a few weeks or months. The morning after commanding total healing and declaring a new toe the doctor unwrapped the bandage to discover the blackness peeling off and a new pink toe emerging. Thank you Jesus.

Woman pain in both knees came for prayer. With permission I placed my hands on both of her knees and commanded healing and restoration of her knees--for all muscle, ligaments, tendons, nerves, and cartilage to be healed in the name of Jesus. And for all pain to leave. I had her stand and walk. As she did she said they felt much better. Praise God.
