Young man with back pain. I had him sit in a chair and stretch out his legs. God grew out his left leg a half inch. Commanded his back to be straightened and strengthened and for all pain to go. Had him stand up and walk across the room. All pain was gone.

Person with pain on left knee. With permission I placed my hand on the knee in pain and commanded the pain to leave. When I removed my hand the pain was gone. Praise Jesus.

Woman right knee and back in pain. I laid my hand on her knee and commanded the pain to leave her knee and her back. As she stood up all pain was gone.

Woman was speaking about having an enlarged kidney. They were going to start her on kidney dialysis in a week. We called forth a creative miracle and commanded a new kidney. Thank you Jesus.

Woman I had prayed for a few weeks ago was still pain free.

Another woman asked for prayer for a swollen leg. Laid my hands on her leg, with permission, and commanded the swelling to go down. I told her the leg would be healed as she walked and as she was leaving she told me the swelling was going down. Thank you, Jesus.

Young man asked for prayer. He was going into rehab for an addiction problem. I first made sure he was saved and then ministered to him and commanded anything not of God to leave him. For Satan to get off of him, for the spirit of addiction to leave. Then the others at the table asked for prayer and that I pray for all of them. We all held hands and I prayed for them all as they were all addicted to many types of drugs and wanted no more of it. Thank you Jesus for hearing their cries for help.

Woman with pain all over. Arthritis. Held her hand and bound and cast out arthritis and commanded the pain to go and for anything damaged by arthritis to be restored. Pain left. Someone with me had a word of knowledge about a stomach problem. Sure enough she was having issues. I had her place her hand on her stomach and I placed my hand on her hand. I commanded whatever was causing her stomach issue to go. In the name of Jesus.

Another woman had back and hip pain. With permission I laid my hand on her back and commanded healing and for all pain to leave. For her hips to be healed. I asked He to stand and walk. As she did the pain left.

A man with sugar issues was sitting down. I asked if he believed the Lord could heal him. I commanded his pancreas to be kick started and his sugar levels be normal. Thank you Jesus.

Woman in wheelchair. Accident. Could not walk. Commanded total healing in her legs. For the nerves to be healed and for her to walk again. Thank you, Jesus.
