hand on her right foot and commanded the bones mended. For the muscles ligaments tendons and nerves healed. For all pain to leave and not return. When I released my hand I asked her to walk a little. She did and looked at me saying there is no more pain! I made sure she was saved and knew who was in her. Then I told her that she had the authority in her to tell that pain to go if it tried to resume. Thank you, Jesus.

Woman delivering food this morning had continuous pain in her back. Back surgery scheduled for next week. With permission I laid my hand on the small of her back and commanded the muscles, tendons, ligaments, and nerves healed and for all pain to leave. In the name of Jesus. Then I asked her to walk. As she did she turned around at about ten feet with a smile. All pain was gone. She thanked me and I reminded her all glory goes to Jesus.

Man called with back pain. He twisted a couple days ago and has been in pain ever since. He was thinking of going to the doctor but decided to call for prayer first. I had him place his hand on his lower back where the pain was. I commanded the muscles, tendons, ligaments, and nerves healed and for all pain to leave. In the name of Jesus. I had him check the pain and it was mostly gone. We prayed once more. "Pain leave and do not come back!" I asked him to bend over and touch his toes. When he stood back up the pain was gone. Praise God.
