

Testimonies July 2018

What began as a trip to visit family ended as a mission trip to New England.

At the first of three Full Gospel breakfasts, I met a woman who was attending a church I was involved in when we first started in the healing ministry. Went there on Sunday and ended up praying for the Pastor and Sherri had a word for a woman at the altar exactly what the woman needed to hear. Then someone from the Full Gospel meeting asked for us to come to his church and preach. God opened one door after another. It was a busy but enjoyable month.

What follows are testimonies of a few of what we witnessed Holy Spirit do during the month of July 2018:

Woman who had knee replaced but knee was still in pain. Other knee scheduled for surgery. I placed my hand with permission on her knee and commanded the muscles ligaments tendons and nerves to function perfectly with the new knee. And for the other knee to be restored. I had her walk about ten feet and come back. All pain was gone.

Another person had back and shoulder pain. I held their shoulder and commanded the pain to leave. After walking away and then back to me the pain was gone.

A woman had pain all over. I commanded pain to leave from the top of her head to the soles of her feet. As she walked the pain in her body left.

Sleep issues in someone else. We commanded peace in the night season.

A man had a small lump in his neck. I touched it and commanded it to leave.

Grew out arms in a few people. They watched and saw the arms become even and the pains left.

Commanded a strong heart in another person.

Vocal chords were an issue for one who used to sing but can't reach the notes any more. With permission I placed my hands on her throat and commanded restoration of vocal cords and for her singing voice to come forth.

Intestines and many other issues in another. Commanded spirit of infirmity to leave and for her intestines to be pink like new. Thank you Jesus.

After church we were able to lay hands on a young man diagnosed with a form of cancer. I testified about the man at the Full Gospel meeting that received his healing and called out the spirit of cancer in this man. We declared him free and fully restored in Jesus name.

The pastor had pain in his left shoulder. I had him stretch his arms forward and sure enough one arm was an inch longer than the other. After commanding them to grow and be even, he witnessed his arm grow out. This was a first for him. We command pain to leave his shoulder and stiffness and a sense of pulling to be gone. Thank you Jesus that each time we prayed he was able to move it further and further. Praise God.

Holy Spirit healed a number of back issues. I commanded with my hand on the area of pain for all pain to be gone and their backs healed. After they walked a few feet and turned back the pain was gone. Holy Spirit healed knees as well.

Four men came forward with heart issues. Two had been diagnosed with Afib. One had an enlarged ear and another high blood pressure. Declared a creative miracle in these four men-a new heart in each of them.

One was also dealing with sugar. I commanded perfect sugar levels and a creative miracle of a new pancreas.

Arthritis was the issue with one who came forward. I commanded the spirit of arthritis out of his body and for any damage restored. Pain gone.

A man came forward with ringing in his ears and pain in his back. I laid my hands on his ears and commanded that spirit causing the ringing to go and for the ringing to cease. And for no more pain in his back. The back pain left but the ringing remained. We prayed for his ears once again. I reminded him that Holy Spirit took away the pain and was working on the ringing. I would not be surprised to hear that the ringing stopped when he awoke tomorrow.

A woman had a lump under her right jaw and felt her jaw was almost locking up. I placed my hand on the lump and commanded it to leave and for her to be healed. In Jesus name.

Lungs with a disease the doctor was unsure of. I placed my hands on his chest and commanded clean lungs with no infirmity. Then I had him take deep breaths. Thank you Jesus.

A man with glasses came forward wanting to not have to wear them anymore. I placed my hands on his eyes and commanded 20/20 vision.

A man was having back pain. I had him sit down and Holy Spirit grew out his legs a couple of inches. I command his back to be pain free. Then I had him walk a few feet and come back. All pain was gone. Praise Jesus.

Prayed after service for a man for a creative miracle, a new heart. Thank you Jesus.

Sherri had a word for a woman about letting go and give her burden to God. It touched her heart, was just what she needed to hear, she said. Praise God.

I had a word of knowledge about shoulder pain. Man came forward and I checked his arms. One was about two inches shorter than the other. I commanded the arms to be even and for the muscles ligaments tendons and nerves in the shoulder to be healed. For all pain to go. He went down in the spirit and rose healed.

Another complained of pain and neck cracking. I laid my hands on his neck and commanded the brain stem to line up with the top of the spinal column. For all pain to leave in Jesus name. He too went down in the spirit. Yay God.

Another had pain in both knees. I laid my hands on them commanding healing and for pain to leave. Some pain was left so I had him place his hands on himself and command the healing. The pain left.

A woman was having balance issues and arthritis among other things. I called out the spirit of pain and spoke healing to the balance issues. I also commanded the spirit of deafness to leave and her hearing healed.

A woman was having back pain and her legs were off an inch or two. As her legs were growing out I commanded the pain to leave. With equal length legs I had her walk and all the pain was gone.

Prayed for a man's wife in proxy. For the removal of a blockage and for arthritis and it's pain to leave.

Prayed for another man's wife. She was dealing with a fibro something and had a rod in her back. We commanded that spirit of infirmity out of her body and for that back to be totally healed. Thank you Jesus.

One man had had a number of heart attacks. I commanded a creative miracle, a new heart and a perfect circulatory system

There were others we cannot recall. Holy Spirit was moving mightily. Had words over a few and blessings for all. Thank you Jesus.

New Bedford Pentecostal Assembly 7-22-2018

This was a small church but filled with about 50 filled believers. Great worship and Holy Spirit's presence was obvious. Pretty much everyone was touched by God. Many many healings. What follows are the few healings we could remember.

Sherri

Grew out boys leg and his knee was healed. All pain gone. Prayed for man who had dizziness for two years. He was slain in the spirit. Prayed for a man for a new heart. Prayed for man who suffered with diabetes, kidney damage and high blood pressure. Prayed for vision of God's purpose to a woman who longed for a more intimate relationship with God. Prayed for a woman to be able to understand her dreams from God. For protecting her and for sadness to leave. Prayed for a woman in depression. After laying hands on her she said she felt peace inside and then fell over in the spirit.

Another proxy prayer. This time for a brain tumor. I placed my hands on her head and commanded these tumors to leave and for restoration of all damaged in his brain

Woman had pain in both knees. One had been replaced. I placed my hands on both of her knees and commanded the muscles ligament tendons and nerves to be healed. Woman with psoriasis. Commanded anxiety to leave as well as stress. Then for her skin to be free from psoriasis.

Man with shoulder pain. Checked his arms and they were even. Placed my hands on his shoulders commanding all pain to go. Had him raise his arms and pain was no longer there.

Woman with bone spur on left foot. Had her remove her shoe and I grabbed ahold of her heel commanding the spirit to go along with any pain. She put her shoe back on and walked a little exclaiming that there was no more pain.

Another woman with heart valve issue and lungs that were not functioning well with large amounts of air. I commanded whatever was causing the lung problem to leave and for clear lungs. Then for a perfect heart with all valves working correctly. She took in a few large breaths and immediately noticed the difference.

Woman with back pain. As I began to pray for her she went out in the spirit and got up with no pain.

Woman with blurry left eye. With my hands on her eyes I commanded perfect vision and for all blurriness to go. For 20/20 vision in both eyes. I took my hands away and she checked each eye. She could see fine in both eyes.

A woman who had been bitten by a tick was having symptoms of blurriness and anemia and lyme disease. I commanded the poison from the tick out of her body. For perfect eyesight. Reminded her she is protected by the blood of Jesus. That she has His DNA. Total healing.

Came against a spirit in a man who always falls asleep in churches. I spoke to whatever spirit was causing it and told it to leave. Thank you Jesus.

Explained to a woman that fear is not of God and it had to go. It is false evidence appearing real. Give it over to God

Prayed for someone not there that has dementia. Came against that spirit and told it to leave. For memories to return.

Then for a woman with thyroid problems. I laid my hand on her and command total healing of her thyroid and for all symptoms to go. She felt them leave. Praise Jesus.

Back to KY

While waiting outside a store in KY a man sat down next to me. He had just walked over from the hospital where he had been for the last 45 days. Major surgery. Asked if he was in pain and he replied all over I held his hand and prayed for him. He told of the ways Jesus had healed him and received what was prayed. He is living his life for the Lord. I felt led to tell him that he will lay hands on the sick and see them recover. He was crying tears of joy as we shook hands goodbye.

Man limping. Pain in left ankle. Laid my hand on it and commanded every muscle ligament tendon and nerve be healed. And for all pain to leave. Pain left and He no longer limped. Praise God.

Woman with arthritis pain in hands and knees and all over her body. We commanded the spirit of arthritis out and for all pain to leave. She felt Holy Spirit's healing touch enter and heal her. All pain left and she jumped for joy.
