

God Heals Today!

I have witnessed God healing people here in America as well as in other parts of the world while on mission trips. He never fails to touch His people as we reach forth our hands to lay hands on the sick.

Dick Evans

Healing Workshop

Discovering who we are in Christ

Practicing the presence of God. Holy Spirit living in you released through you as you lay hands on the sick.

“You will lay hands
on the sick and see
them recover!”

Mark 16:18

Lay Hands on the Sick

This study will look at what God, in His Word, has to say about healing for today. You will find out what it takes to be a disciple of Christ that lays hands on the sick and sees them recover.

Who You are in Christ

God sees us as sons and daughters covered by the blood of Jesus. Who are you? How about, “This is my friend, Mary. She is a believer in Jesus Christ. Let her tell you about what her relationship with Jesus has meant for her.” As born again believers, we are new creatures, aliens to this world.

The past is left behind as we walk in our new identity. No longer are we that old person with a trail of accomplishments, good or bad, from our past life. We have a new birthdate, the day Jesus came into our heart and saved us. Praise Jesus!

What to Expect

Each workshop calls upon Holy Spirit teaching believers on various topics such our authority in Christ, words of knowledge, how to lay hands on the sick, and more. These meetings use the book “Healing Discipleship Guidebook” as an outline for the materials covered in each session.

Join Us at the Next Workshop in your Area

Workshops can be any length—one evening, one day, or over a number of days or weeks. The more time, the deeper the training. Contact us to schedule a time in your church for any area of the country. See miracles happen as God uses you!
